Subject: Meeting tomorrow

Hi David,

Stacey and I are looking forward to speaking with you tomorrow. Here is a bit more detail on the topics we'd like to cover:

1. Deadlines proposed by DOGGR for ceasing injections
2. Wells of concern: We received a response to our FOIA request – a document that appears to show the status of certain wells. We would like you to explain what is shown in the chart (attached)

3. Aquifer exemptions. Applications received so far, expected number of application, procedural questions.
4. EPA's role in enforcing UIC regulations.
5. UIC rulemaking. Procedural and substantive questions.
6. Cypress Report. Any updates or information on its release.

See you tomorrow at 10!
